

Securetia is a company dedicated to providing Cybersecurity Services, including RCIMT Services, Vulnerability Analysis, Penetration Testing, and Vulseek (SaaS) within its policy.

All members of Securetia are committed to meeting the needs and expectations of stakeholders, including legal requirements in the markets where we operate.

With the aim of continuously improving our management system, we have implemented the ISO 9001:2015 standard and are committed to keeping it up to date and reviewing it periodically.

To provide quality service, we focus on enhancing our team's competencies and closely monitor service delivery.

It is our goal to build and maintain long-lasting relationships with our clients and suppliers.

This quality policy is communicated to all stakeholders through our website. Our staff is made aware of the commitments outlined in this policy.
